בס"ד

On behalf of the International Steering Committee
Australia

Subject: World Jewish Solidarity Day

We are delighted to hear of your initiative to host a mega world wide Jewish solidarity video conference, and are glad to take part in an event that places Jerusalem and the Kotel as the uniting point of the nation of Israel, that makes all of world Jewry brothers.

We received your request to participate and assist in preparing the program.
Please note the following:

- . All expenses will, as agreed, be taken care of on behalf of the International Steering Committee.
- . The event is not under the responsibility of the Western Wall Heritage Foundation. We will, however, be more than happy to assist with the organizing, advising, manpower and technical side of things, depending of course on the technology available at our premises at the time.
- . We will, at your request. connect you with suppliers and price the items required for the program.
- . The Kotel being a holy site, obligates us to be aware of the sensitivities that may arise. Therefore, we ask that all people that will appear on the screen be dressed appropriately and modestly, and that the content of the event will be fitting to the Kotel atmosphere and will be previously approved by us.
- . Our participation in the program is conditioned by our final approval of the program. The program must be sent to us prior to the event.

We welcome all world Jewry taking part and involved in this event.

May we merit to "Ureh' Bi'tuv Yerushalayim",
That we shall all see the goodness of Jerusalem.

Miri Ovits
The Western Wall Heritage Foundation
